

CONTEXT⁴
HEALTHCARE

THE BIG PICTURE

The Context4 Healthcare Inc. line of knowledge and fee products is the most comprehensive source of coding information available today. Whether users need the latest CPT®, HCPCS, or ICD-9-CM codes, or specific-fee information, Context4 Healthcare Inc. provides one-stop shopping for both products and service.

DATA & FEE PRODUCTS

Comprehensive Source for Codes & Fees

In today's complex and competitive healthcare environment, having high-speed access to accurate and up-to-date data is a crucial component to your success. But building a knowledge base of such information can be a difficult, time-consuming, and costly endeavor. And keeping that knowledge base current presents even greater challenges.

To maximize productivity and best serve clients, both payers and providers need solutions that quickly and cost effectively make available the latest coding, fee, and regulatory data. Context4 Healthcare has been providing these solutions to the healthcare industry for more than 15 years.

With more than 80 data products designed to help organizations in the areas of coding, fee management, and regulatory compliance, Context4 Healthcare Inc. has solutions that will meet your every need and integrate easily with your existing platforms and procedures. Our extensive array of knowledge and fee products help payers and providers enjoy timely access to the accurate and current coding and fee information necessary to operate in an evermore regulated and competitive healthcare environment.

With this information, users can better:

- Ensure compliance with payer rules and guidelines
- Increase operating efficiencies
- Optimize reimbursements
- Develop complex editing and review systems

ONE-STOP SHOPPING FOR DATA PRODUCTS

The Context4 Healthcare Inc. line of knowledge and fee products is the most comprehensive source of coding information available today.
